TWO MORE CAPTURED.

Filipinos Take in Two More Americans Sailing in a Boat.

RESCUE IMPOSSIBLE.

Natives Who Were Friendly to American Troops in Towns Captured Are Being Harrassed by the Insurgents

Manila, May 31.—Details regarding the capture by Filipinos of two officers on the United States hospital ship Relief, have just been obtained. The Relief lies in the harbor in front of this city. Third Officer Fred Heppy and Assistant Engineer Charles Blandford, rigged a sail on one of the ship's boats and went sailing along the shore to the south opposite the insurgent lines. The boat became becalmed near the shore and some native canoes with Filipinos on board put out to capture the two men who were unarmed; they also took possession of the boat. The United States turret ship Monadnock quickly sent a boat with a landing party ashore under cover of her guns and shelled the shore briskly. The natives, however, rushed the prisoners into the woods before the Monadnock's boat reached the land. Persons on board several other ships saw the affair through glasses, but were unable to prevent the capture.

Friendly natives arriving here from the country around San Isidore and San Miguel report that a reign of terror has prevailed since the American troops have withdrawn from those parts of the island. Insurgents returning there deal vengeance upon those of their countrymen who have shown any friendship toward the Americans during the latter's occupation of the territory. Friends declare the unoffending people are being murdered daily and their houses being burned and their property confiscated. Plenty of sympatizers with the insurrection remained during the Americans stay and they have been reporting these instances of friendliness toward our troops. The refugees add that the inhabitants were badly oppressed by native soldiers before American occupation, but their condition is worse now. Doubtless there is much truth in the reports though such stories from Filipino sources are always magnified.

VOLUNTEERS MAY STAY.

They Like the Philippines and May Form a Colony There.

New York, May 31.—A special to The Herald from Manila says:

Information has been received here that satisfactory results have attended the movement among members of the volunteer regiments in Manila for the establishment of a large American colony in the Philippines.

Four thousand volunteers now in the islands are reported to have signed a petition to the president and secretary of war praying that they receive their discharges in Manila, instead of at the places of enlistment, and that they be allowed travel pay to the place of enlistment.

It was explained that they believed the Philippine islands "offered rare opportunities for industrious and enterprising Americans to make for themselves homes," and that they desired to remain "for the purpose of taking part in the developments in mining, agricultural and industrial resources of the lands."

The petition stated that in the event of favorable action by the government those signing it pledged their united support in upholding the laws and protecting the interest of the United States there, and would, if so desired, become members of a national guard or such an organization as might be necessary for the best protection of American interests in the Philippines.

Captured by the Insurgents.

New York, May 31.—A dispatch from Manila says that the men from the hospital ship Relief, captured by the insurgents off Paranaque, were the third engineer and another officer and a boat's crew. They were sailing in a cat boat and natives from the shore set out in boats and took them.

President Kruger Well Received.

Bloomfontain, Orange Free State, May 31.—President Kruger has arrived here to attend the conference with Sir Alfred Milner, governor of Cape Colony and British high commissioner for South Africa, arranged for the purpose of considering the demands of the Uitlanders, and was received by a guard of honor at the railway station which was decorated in his honor. He was welcomed by the president of the Orange Free State, M. T. Steyn, and cabinet. Salutes were fired and the Transvaal national hymn was played. Replying to the address, President Kruger said he had come here to work for the welfare of the whole of South Africa and to discuss all questions except the independence of Transvaal.

FEVER BREAKS OUT.

One Fatal Case of Yellow Fever Appears at New Orleans.

STRICT QUARANTINE.

Officials of Texas Do Not Propose to Let the Disease Get a Foothold in the State if Strict Quarantine Will Prevent It.

Austin, May 31.—Yellow fever has appeared at New Orleans. State Health Officer Blunt received a telegram Tuesday from Dr. Souchon, city health officer of New Orleans, saying that a case of yellow fever had made its appearance in that city and that the patient had died and that the autopsy had proven positive.

Dr. Blunt immediately wired Superintendent Van Vleck of the Southern Pacific and General Manager L. S. Thorne of the Texas and Pacific railways as follows;

"Do not sell tickets over your line from New Orleans to any Texas point. Do not bring any person or thing from New Orleans, either by express or freight into Texas until further orders."

Dr. Blunt wired Dr. Souchon as follows:

"We have decided to quarantine against all places on announcement of first positive case of yellow fever."

Several parties who have just returned here from New Orleans declare that while in that city it was common rumor that several deaths from yellow fever had occurred there during the middle of this month.

Dr. Blunt has established quarantine inspection camps on the border of the line of every railroad entering the state. He received the following telegram from Dr. Souchon, which is a protest against the strict quarantine:

"Deeply regret your action. Send inspector to judge for himself; no other case anywhere."

In answer to a telegram from Superintendent Van Vleck of the Southern Pacific, Dr. Blunt wired:

"You can handle New York freight through Algiers and passengers coming from connecting lines at New Orleans, if they do not stop there. For the present freight that has left New Orleans for Texas can come. Passengers en route now had better be returned to New Orleans."

The same telegram was sent the Texas and Pacific relative to freight through Westwego.

ONLY ONE CASE.

Miss Grillo Dies at New Orleans of Supposed Yellow Fever.

New Orleans, May 31.—On last Saturday the illness of Miss Grillo, aged 17 years, living on Royal street, was reported by family physicians as a suspicious case. The board of health at once had the house disinfected. Miss Grillo died on Sunday afternoon. An autopsy was held, the result of which was laid before a board of experts who, after careful consideration reached the conclusion the case presented evidences of yellow fever. Under the agreement made with several boards of health the finding of the board of experts has telegraphed them, also the fact that there was no other case in New Orleans in any way suspicious.

YELLOW FEVER RECORD.

Statistics Gathered at Havana of Deaths the Last Eight Years.

Havana, May 31.—The sanitary department has just issued some interesting statistics regarding the deaths from yellow fever during the last eight years. In the year 1890 there were only 4. In 1891 there were 316; in 1892, 326; in 1893, 391; in 1894, 328; in 1895, 41; in 1896, 1617, in 1897, 1058 and in 1898, 162. Thus far in the present year there have been only 4 deaths due to yellow fever. In 1896 and 1897 there were a large number of Spanish soldiers in the province unacclimatized and they succumbed often to doubtful diseases. In making up the statistics the preference was always given to yellow fever, owing to the larger pension that could be drawn in such cases by relatives of the deceased at home. From 1890 to 1898, inclusive, the total number of deaths in the city of Havana from all diseases whatsoever was 89,703.

Third Term as Governor.

Newport, R. I., May 31.—Elisha Dyer was inaugurated governor of Rhode Island for the third time Tuesday. The day was observed at Newport as an annual holiday and in addition to the naval exercises there was a big celebration in honor of the presence of Rear Admiral Sampson and the ships of the North Atlantic squadron.

More Arrests Made.

Athens, Tex., May 31.—Sheriff Richardson and deputies returned here with Joe Williams, W. B. Broocks, W. A. Johns and Pony Reasonover, who are now in jail, making eight in all charged with assisting in the Trans Cedar triple lynching on the night of May 23.

Only Needs Thirty Thousand.

Washington, May 31.—General Otis has informed the war department that he will be satisfied if the army under his command is kept at a maximum of 30,000. The president will give him this number.

General Wood at Havana.

Havana, May 31.—General Leonard Wood, governor of the department of Santiago, has arrived here to participate in the conference which will take place here between Gevernor General Brooke and other generals.

The chief engineer of the steamer Iris of Boston, E. Roberts, was asphyxiated by carbonic acid gas while cleaning her boilers.

Clarke & Dansby,

UP-TO-DATE GROCERS.

WILL GO TO APIA.

Newark Will Receive Her Orders as Soon as She Reaches Valparaiso.

Washington, May 31.—In anticipation of the arrival of the cruiser Newark at Valparpiso within two or three days, instructions are being prepared at the navy department to be sent to Captain Goodrich, her commanding officer, under which he will act upon his arrival at Apia.

Much as the officials would like to have a regular man-of-war in Samoan waters besides the auxilliary cruiser Badger, and the collier Brutus, it has been found impossible to Reach Rear Admiral Kautz with instructions, and it is expected he will sail in a couple of days for San Francisco.

From Valarapiso the Newark will proceed to Apia more than 5600 miles and it will probably be July before the cruiser reaches her destination.

It is understood the commission will take measures for disbanding the Mataafans and Malietoan factions and will try to secure possession of their arms.

It is the expectation that the German counsel will disarm the Mataafans, while the English and American counsuls will take similar steps with reference to the Malietoans.

Ohio State Republican Convention.

Columbus, O., May 31.—Although the Republican state convention does not meet until tomorrow afternoon, the leaders of most of the delegates are here. All candidates, including an even dozen for governor, and about 100 for other places on state ticket are busy at their respective headquarters. There is so much at stake on the governorship this year, affecting old contending factions, that the usual combinations with candidates for other places on the state ticket are not being attempted in the interest of the leaders for the governorship. Expected there will be opposing slates formed before the balloting on Friday. In addition to unusual number of candidates contesting for nominations there are 203 of 813 delegates contesting for seates. The contest for seats is the main thing today and on the report of the committee of credentials may depend the selection of the state ticket, especially the nomination for governor.

After Twenty Years.

Wabash, May 31.—At Huntington there was a remarkable reunion between father and son, separated for twenty years. In 1879 a boy was born to Mr. and Mrs. George Grover, Frankfort, Ind. The mother died when the boy was one week old and the father placed the infant in charge of William Wright, a neighhor, until he could find a home. Grover disappeared and traveled all over the country, returning to Frankfort a few months ago and finding the Wrights had moved to Huntington. Making inquiry he learned they had reared the boy now a bright young man, and at the latter's instance, Mr. Grover visited Huntington and the meeting was a most affecting one. Grover will reside with his son at Huntington. Not till a week ago did the boy learn that his name was Grover, he having been christened Raymond Wright.

No Bids Within the Limit.

Washington, May 31.—Bids have been opened by the navy department for armor for battleships, monitors and armored cruisers now authorized by law, but no bids were received within the price fixed by congress. The Carnegie Steel company and the Bethlehem Iron company subjected statements that they were unable to furnish armor of the character required at the price fixed by congress. Burnstine Bros. of San Francisco, made a blanket offer to furnish all armor at $450 per ton, which, however, is above limit fixed by congress. This limit of $400 for seven ships authorized last year and $300 per ton for ships authorized this year.

Severe Storm.

Chicago, May 31.—Shortly after 2:30 o'clock this morning telegraphic communication from all directions with Kansas City and Omaha was suddenly interrupted by a severe storm. Cedar Rapids and Davenport, Ia., were also completely cut off. The last heard from any of the places named was word from Kansas City to the effect that there was a terrific wind and rain storm raging.

At Kansas City.

Kansas City, May 31.—A heavy electrical storm struck Kansas City at 2 o'clock this morning. Telegraphic communication with all points was interrupted by lightning running into and disabling the electric light plant which furnishes electricity for the dynamos used by the telegraphic companies. Electric lights all over the city were also put out owing to the shutting down of the plants. No serious damage is known to have been done.

Struck a Sunken Vessel.

New York, May 31.—The Herald says that the cruiser Brooklyn on Tuesday afternoon struck a hidden obstacle off the Battery in New York harbor not far from the place where the battleship Massachusetts was injured. The Brooklyn was on her way from the navy yard to Grant's tomb where she fired a salute. It is thought the cruiser hit a a sunken wreck. She will go into the dry dock where the extent of her injuries will be ascertained. The Brooklyn would have gone to sea Tuesday night to join Admiral Sampson's squadron at Newport but for the mishap.

Both Acquitted.

Paris, May 31.—M. Deroulede and Marcel Habert, who have been on trial before the assizes court here on charge of exciting the soldiers to insubordination, in connection with the election of President Loubet, have been acquitted.

OUR STORE

IS THE PLACE!

Where you can leave all doubts behind when you enter. Masonic Banquet.

Brazos Lodge No. 129, A. F. and A. M., held an important meeting for work in the third degree last night, and following the conferring of that degree on Prof. A. L. Banks of College, a banquet was spread and enjoyed by members and visiting brethren of whom there were a number present from Hearne, Calvert, Bremond and other points. The work was conduoted by Worshipful Master E. D. Clark of the Bremond lodge, assisted by Judge W. H. Nall, T. S. Searcy and Mr. Miller. Plates were spread at the banquet for about fifty and a splendid lunch followed by ices was enjoyed.

Among the visitors were Rev. J. E. McClurken, E. Fisher, James L. Hazlett and J. C. Lumpkin of Hearne, E. D. Clark of Bremond, W .D. Yardley of Calvert, S. W. Meredith of Millican.

Street Sprinkling Assured.

Messrs. D. C. Zuber and Frank Clarke circulated a subscription list yesterday and secured the remainder of the funds necessary to pay for sprinkling the streets, and Mr. Zuber stated to the reporter that he had seen Mr. Louis Fuller and the latter said a regular city sprinkler would be put in opration here within the next ten days. The Eagle desires to congratulate Messrs. Zuber and Clarke on taking the matter in hand and pushing it to success. It will be a great thing for the town, and after the people have enjoyed its benefits for a time they will wonder how they ever got along without it.

HOLLIGAN SCHOOL HOUSE.

A Newsy Letter From a Busy and Prosperous Community.

This school house was established last September about half way between Bethel and Steep Hollow and nine miles east of Bryan. The school was taught the past session by Miss Mamie Todd of Bethel. There was an enrollment of 36 pupils. Prof. E. C. Rollins has been employed to teach the school next term. C. M. Risinger, W. P. Bullock and J. E. Bullock are trustees.

Crops are late, but very good and worked out in fine shape. The acreage of cotton and corn is about the same as last year, with an increase of peas, sorghum, potatoes, etc.

Rev. McDonald, Methodist preaches at the school house evrey second Sunday, and Rev. Taylor Primitive Baptist, from Madison, county, preaches every third Sunday. Singing is conducted each second and fourth Sunday afternoon. W. M. Holligan and Will Terry are choristers and there are about thirty or thirty-five members in the choir. The members of other choirs are respectfully invited to meet and sing with us.

A considerably amont of sickness, some of a serious nature prevails in the community. The infant of Mrs. and Mrs. J. N. Risinger died Wednesday and was buried at Steep Hollow cemetery Thursday morning. A little daughter of Mr. and Mrs. Joe Wiley, a year and six months old, died Monday evening and was buried Tuesday at Bethel church.

Prof. E. C. Rollins has a very sick child at this writing.

W. M. Holligan, T. A. Hensarling, Misses Bettie Gandy and Minnie Hensarling, Mrs. Mary Thompson and daughter, Miss Bessie, Mr. Lum Benson and family attended singing at Reliance Saturday night.

Miss Pearl Gandy of Wellborn, visited relatives here the past week.

Mrs. Mary Sherrod and daughters, Ethel and Ada, visited relatives here the past week.

Mary Hudson of Reliance, is visiting here this week.

There was a game of ball played near Harvey Saturday evening between the Bryan and Harvey nines which was terminated after the third inning by a misunderstanding. Harvey will play the Mesa, Grimes county, team at the Ferguson Prairie picnic next Saturday. Harvey has a good team under R. P. Andrews, captain.

John Keith of Grimes county, was here on business Friday.

J. W. Benson visited Bryan Tuesday.

JOE BOWERS.

KURTEN NEWS.

There was preaching at Ebernezer last Sunday by Elder J. C. Lenton of Madisonville, which preached an interesting sermon.

Quite a number of young people of this community went to Concord, Grimes county last Sunday.

Mssrs. Ollie Buckhaults, Jesse Mosely and Marion Oneal, went to Alexandria last Sunday.

There is a great deal of sickness in this vicinity at this writing; chills and fevers seems to be the trouble.

Mr. Walter Edge returned home from school at Huntsville last Sunday, on the account of sickness.

HARRIS SCHOOL HOUSE.

We had a fine rain last Monday which was being needed in many places.

Most people have their corn laid by and are generally well up with their work.

MEETING AT WICHITA.

The Transmississippi Con[...]ss Opens with Delegates from M[...] States.

Wichita, Kas., May [...] The Trans-Mississippi Congress o[...] here today with addresses of w[...] by Governor Stanley of K[...] Ross Wichita and [...] to a successful [...] delegates fr[...] ent. [...] visitors [...] territorial expansion [...] merchant marine, are [...] al agitation and little [...] the lobbies. [...] heard in [...] D. C., is represented by [...]ewell, hydrographer of the [...] States geographical survey, who [...] cuss the water storage, and H. C. [...]kenfield of the weather bureau, wh[...] will speak on the "Flood Problem."

G[...]nor Murphy of Arizona is talking for statehood for the territory and cession of arid lands. He says:

"Arizona is for statehood and the cession of arid lands. We want statehood and since the national government has steadily refused to appropriate money for irrigation and development of arid lands, we want these lands so we can go at it ourselves. We have drained rivers and what we want now is storage water."

Remanded Without Bail.

Dallas, May 31.—Lon Turner, the negro who is alleged to have killed another negro of the name of Tom Smith, who was better know as "Toughy" in this city late last Saturday afternoon, was given a preliminary hearing before Justice Skelton. The justice remanded the prisoner to jaii without bail.

Will Sail June 4.

New York, May 31.—A dispatch to The World from Hong Kong says Admiral Dewey, on the Olympia, will sail from this port on June 5. The vessel will call first at Singapore, where she is expected to arrive on the 11, and will remain there two or three days.

Section Man Killed.

Macon, Mo., May 31.—Henry Webster, a Santa Fe section man, was killed by a train near Hart. He was watching a cut, the sides of which were washing down on the track, and is supposed to have gone asleep on the rails.

Committed Suicide.

San Francisco, May 31. — Robert Creighton, quartermaster clerk on the transport Sheridan, committed suicide by shooting himself in the temple. He was a native of New York, aged 50 and recently arrived from Manila.

NEWS IN BRIEF.

Bogus dollars are in circulation at San Francisco that defy detection. They are of Mexican silver and have the ring and weight.

Steamer Paris is still fast on the rocks off Coverack, Cornwall.

The winter wheat crop of southern Russia has been destroyed by drought. The spring crop is in but little better condition.

The steamer Moscow has sailed from Odessa for Port Arthur, Tex., with 3500 Cossack emigrants.

Bob Gibbs was remanded to jail at Kaufman, Tex., for the murder of Shelby Deeds.

Several stores at Clarksville, Tex., have been robbed by burglars.

Gilbert Turner, a negro, was killed at McGregor, Tex., by the accidental discharge of a pistol.

Tom Purvis, a negro, was given 40 years in the penitentiary at Dallas, Tex., for murdering another negro.

Two electric cars collided at Chicago injuring several passengers and badly smashing the cars.

Marshal Martinez Campos has been appointed president of the Spanish senate at Madrid.

Twenty-five cows were found at Chicago in an advanced stage of consumption. The milk from them have been sold to people of the city up to a week ago.

France gave Major Marchand a royal welcome at Toulon upon his return from Fashoda.

Drifting icebergs are seriously endangering ships off the coast of Newfoundland.

Galveston Tex., is now free from smallpox.

Carpenters are in demand at McKinney, Tex.

Wheat harvesting has begun in earnest in Denton county, Texas.

In the local option election at Henderson, Tex., the antis won.

A carload of new oats have been shipped to south Texas from Sherman.

Insurance companies are resuming business in Arkansas.

Fritz Lentz is in jail at Hillsboro, Tex., on the charge of criminal assault.

CUBAN ARMY ROLLS.

They Contain Many Names Not Entitled to Part of that $3,000,000.

Havana, May 31.—Lieutenant George M. Randall of the E... States infantry, accom... master Morse, his clerks, ... military escort, with near... now at Santiago de las Vegas, ... off Cuban soldiers, but owing to the va... rious delays, the payment did not begin until late Tuesday afternoon. Many of the applicants, of whom there were a large number, were without guns. It was observed that a large proportion were from Mariana, from which point they were prevented from coming to Havana. One man, who had a Mauser, begged a ride on the special train carrying the pay car, and was the first man to be paid. Not a single officer would come forward to identify an applicant, a fact causing considerable annoyance and increasing the delay.

That the rolls are padded badly becomes more and more evident each day and Colonel Randall says that from what he can learn every man, dead or alive, who ever has served in the ranks of the insurgents, appears on the list. Investigation has already shown that several officers gave certificates to men who have had no guns. When Colonel Randall invited the presence of such officers, they refused to come forward. In one instance it was discovered that the name of a captain was enrolled, who to the certain knowledge of one of the Cuban officials who assisted the paymaster, had been dead for two years. It is generally believed by the officials making the disbursement that the rolls were padded in the expectation that the company commanders would have a personal hand in making payment.

One man who was paid there said he was glad the Americans were distributing the funds themselves, as otherwise he would not have received more than $25.

The number paid here Tuesday was about 45, but there were several applicants with arms entitled to payment who will receive it after identification.

The preliminary census taken under the direction of Senor Domingo Mandez Capote, secretary of the government, shows a population of 1,317,082. The municipal indebtedness of the island is $17,701,504. During the war with Spain 274 towns were destroyed.

NEW SPANISH MINISTER.

He Reaches New York on His Way to the National Capital.

New York, May 31.—The most notable passenger who arrived here on the steamer Kaiser Wilhelm der Grosse was Duke d'sArcos who comes to assume the post of Spanish minister at Washington, which has been vacant since the hurried departure of Senor Polo y Bernabe, April 20, 1898, on the eve of the outbreak of war between the two countries.

The new minister was accompanied the voyage by his wife, formerly Miss Virginia Woobury Lowery of Washington and Senor Juan Ryano, who will act as first secretary of the reestablished Spanish legation.

A year ago when Admiral Dewey leaped into fame, among the stories of him was one that he had been an ardent suitor for the hand of Miss Lowery a few years previous to her marriage.

The duke manifested the utmost hopelessness in the results of his mission and spoke unreservedly of the outcome of the war. "That is past," he said, "and Spain looks only to the future." He was anxious for the latest news of the situation in the Philippines, and upon being asked his opinion of the outcome of the campaign there he said:

"It can have but one result. This country is so powerful it will soon compel the insurgents to surrender. We in Spain, are sorry for our soldiers who are prisoners there, but we believe that General Otis is doing all in his power to obtain their release and carry out the promise of the United States to send them home."

Of the situation in Cuba the duke did not care to speak, saying he had received no recent information on the subject. "Our interest in Cuba is ended," he added. "Spain is thinking of other things."

CLAIMED BY TWO WOMEN

The Body of Edwin Barker in Dispute at Waterloo. Ia.

Waterloo, Ia., May 31.— Two women are claiming the body of Edwin J. Barker, who was killed in the wreck on the Burlington, Cedar Rapids and Northern railway near here Sunday morning. The body now lies in the morgue here. One of the claimants is Mrs. E. J. Barker, the widow of the dead man, and she is now on her way from Hot Springs, Ark., to take charge of the remains. The other claimant is Miss Ida Shadville, a young lady of Montana, who arrived in Waterloo last night. She declares that Barker was to have met her in Minneapolis Sunday and that they were to have been married Monday. She identified the remains as those of her propective bridegroom.

A special from Hot Springs says that Mrs. Barker came here with her husband from Montana several months ago. They were married a year ago at Butte. Her husband was a man of considerable wealth, being interested in extensive mining interests at Great Falls and other points in Montana.

Mrs. Barker knows nothing as yet of the dual nature of his duplicity and the shock was almost as great as was the news of his violent death.

...A ALARMED.

...ed States Will Discriminate ... Favor of Porto Rico.

...May 31.—A dispatch to ...om Kingston, Jamaica, ... has decided to send ... Washington to discuss ... They will ... Cham... enter... The t... States was said ... the present tariff me... at the ... maica to look for hope to Can... feared that the United States ... at no distant date exclude Jama... in favor of Cuba and Porto Rico.

Money was voted for the establishment of an Indian trade agency at Ottawa. The legislature also adopted a resolution stating that owing to the adoption by the United States of countervailing duties, sugar cultivation should be saved from actual extermination, and calling upon the imperial government to act in unison with the United States, as the two largest sugar consumers in the world, to bring about the abolition of bounties.

DISCOVERY OF GOLD.

Lower California Become Excited Over the Find at Ensinada.

San Francisco, May 31.—Arrivals by the steamer Curacoa, which reached here Monday from Guayamas and way ports, state that when they left Ensinada the place was in a ferment over the new discovery of gold in Lower California. It was impossible to get teams for hauling in Ensinada, and the celebrated Yborab gold mine was compelled to close down on account of all the miners having deserted and emigrating to the new diggings.

A passenger on the Curacoa says: "The most authentic reports which have come from the placers say that the yield averages from half an ounce to two ounces a day. The stuff is said to be about 900 fine. The day we left Ensinada the Carlos Pacheco sailed with 60 men for the new diggings. The placers are three miles long by a mile in width. The only water at hand is a small hole called Coyote springs. There is good water and plenty of it eight miles away."

Killing Rattlesnakes by Wholesale.

Sioux Falls, S. D., May 31.—The proposition that a bounty be offered for the killing of rattlesnakes, which for several seasons have been very numerous in a particular locality in Aurora county, may be withdrawn. A recent prairie fire which swept over a portion of that part of that part of the state, burned over the favorite lurking place of these venomous reptiles and the result is that the snakes, not having advantage of the shelter of the heavy tufts of grass and underbush for hiding places, are easily detected and are being killed by wholesale by farmers living in the vicinity. In this particular at least the prairie fire proved of benefit.

Alaska Gold Output.

Seattle, Wash., May 31. — Advices from Dawson of April 29, state there is evidences of the most wonderful output yet recorded. Five thousand men are waiting at Dawson to take the first boats up the river. Half of them are miners, who have from $1000 to $50,000 in dust. The White Pass and Yukon Railroad company has issued bills of lading for more than $1,000,000 worth of gold that is to come out on one of the first river steamers. The White Pass road will be completed to Lake Bennett about July 1.

Poisoned by Eating Sugar.

St. Louis, May 31.—Fifty residents of Granite City, Ills., have been poisoned by eating sugar. The packages in which the sugar were taken were labeled with green ink in which the physicians think there must have been Paris green. This soaked through to the sugar and poisoned them. John Hurley, Charles Miller, William Kimball and Hugh Grant are in a critical condition. It is thought the remainder of the persons who partook of the sugar will recover.

Gypsies Run Out of Town.

Owensboro, Ky., May 31.—A large band of gypsies were encamped on the Indiana side of the river opposite here. Eight of them came into the city and began begging and fortune telling. So impudent were they that they were escorted to the limits and told to move on. The same band was driven out of Tell City by a mob, and some of the number were hurt by stones thrown by the mob. At Rockport they were made to move on by the officers. They say they are Russians.

Patient Had Arm Broken.

Terrell, Tex., May 31.—One of the patients at the North Texas insane asylum got lost in a bottom near here Saturday, and when found had his arm broken. It is thought that he got a fall from a railway trestle bridge while trying to make his way to Dallas.

FROM THOMPSON CREEK.

Corn is suffering for rain.

Cotton crops are looking fine.

Still the weather is dry and hot.

The choir met last Saturday night with small attendance but we had some good singing. We will meet again Saturday night before the second Sunday in June.

The choir will meet Sunday evening at 3 o'clock. Everybody invited to come and take part.

Miss Lillie Wadsworth went to ...lam county last week to visit ...ends.

Jesse Henry and sister visited friends at Macy a few days ago.

Mr. John Newcomb and sisters Misses Mamie and Mattie of Reliance visited Mr. and Mrs. W. E. Conway Saturday and Sunday.

Mr. Horace Dillard of Hearne visited his father this week.

Mrs. Mary Sherrod and daughters, Mr. Henry Conway and sister went to Bethel Saturday to visit friends and relatives. Returning home Monday.

Miss Lizzie Slaughter of Reliance, is visiting Mr. James Sherrod and family this week.

Health is not very good at present.

MAGNOLIA.

FROM ALLENFARM.

The farmers have their cotton about all chopped and their corn laid by.

We are needing rain very bad.

Mrs. Cothran and Mrs. Crenshaw of Spring Creek are visiting relatives of this community.

ALLEGAITOR.

$1,000,000,000 Insurance in Force.

To the Public:

At the close of business May 23, 1899, the New York Life Insurance Company has in force on its books $1,000,168,803, excluding all applications in transit to the home office and policies issued and sent out to the company's agencies for delivery and not yet paid for; in short, a little over one billion dollars of placed and paid-for business.

The New York Life is the first company in the world to reach the one billion dollar mark, and the New York Life Insurance company therefore, ranks as the largest life insurance company in the whole world. There are life insurance companies in Europe over one hundred years old. There are life insurance companies in this country older than the New York Life, which is itself 54 years old, but there is no life insurance company in the world with which the people of the world have placed as much of their insurance as with this one.

At this particular hour, when the attention of nearly every one interested in the affairs of the world is directed to huge capitalizations, mammoth corporations and the centralizing of wealth generally, you are invited to note the fact that the New York Life Insurance Company is not a giant corporation owned by a few men; is not a stock company in any sense of the word, as it has no capital stock or shares of any kind; but it is purely and simply the most successful life insurance company of the world, made so because it is operated on purely mutual principles by its policy-holders and for its policy-holders—all the profits of the business going to its policy-holders, who alone own the company.

It is the largest, most successful Business Men's Club in the world. There are now over four hundred thousand names enrolled. The club was organized and is conducted for mutual protection and profit.

R. G. Tabor,
Special Agent and Adjustor,
Bryan, Texas.

"TIME IS MONEY."

"The Longest Way Round Is Sometimes The Quickest Way Home."

These wise old saws apply to the new fast train service now in effect via the Great Rock Island Route. while not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument. A maximum of comfort by reason of through service, modern equipment; rock ballast; in short, an up-to-date railway, are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows: Leave Fort Worth, 8:25 a. m.; arrive Lincoln, 7:10 a. m.; arrive Omaha, 9. a. m., connecting at latter point with train through Iowa; arriving Des Moines; 4:39 p. m.

CHAS. B. SLOAT,
